* Model # 6012 is available in candela lamps only. For all other models, medium base lamps by others. ** "D" indicates with downlight configuration.

Aventina

In selecting the right glass for the Aventina, ELA contracted a glass artist to design the bowl. This textured, folded glass maintains the simplicity of the Aventina, yet provides an element of uniqueness.

Exclusive to the Aventina, the glass builds on ELA's commitment to offer only original designs to the industry.

The Aventina is supported by two continuous stainless steel aircraft cables which creates four suspensions. This was designed into the Aventina to allow the bowl to be adjustable and hang straight, even if the ceiling isn't. This added feature is particularly useful when the chandelier is mounted from a vaulted ceiling.

CAT. NO.	MOUNTING	DIA.	HT.	OAH/PROJ.	LAMPS	COLORS
6913	Pendant	24"	5"	30"	4 x 60w-cand. / 3 x 13w-CF	Std. Colors
6923	Pendant	29"	7"	30"	4 x 60w-cand. / 2 x 42w-CF	Std. Colors
6933	Pendant	33"	9½"	30"	5 x 60w-cand. / 4 x 42w-CF	Std. Colors

Note: For all models, 'Accents' shall be brass hardware with stainless steel aircraft cable.
