

AMBASSADOR

4431OR

Elements of Design - ELA's design staff believes that "consistency in details" is just one element that makes a lantern a classic. Notice how the detail below the hood is consistent with the detail in the arm of the *Ambassador*.

Remember!
ELA builds custom lighting. We are able to modify our standard products, apply special finishes, or provide an assortment of lenses. Contact your ELA Rep. or the factory for details.

CAT. NO.	MOUNTING	DIMENSIONS			LAMPS	FINISHES	LENS
		Width	Height	Projection

AMBASSADOR

Hinged Hood and Two-Piece Lens -

All *Ambassador* lanterns are equipped with a hinged hood for easy lamp replacement and lens cleaning. The small size *Ambassador* is designed with a two-piece acrylic lens.

4423CH

4438R

4421FW
(w/ beveled glass)

Fork Bases -

ELA's new six-legged base is incorporated into the large and medium size *Ambassador* lantern. The small *Ambassador* is equipped with a three-legged fork.

4411CY

Lens Options -

The *Ambassador* lantern comes standard with clear glass (two-piece acrylic for the small size). Optional clear beveled or opal flat glass may be ordered for the medium and large size for a nominal charge.
